Dear Mr. Fahs:

You may remember that the last grant-in-aid of The Rockefeller Foundation towards the Seminar on Modern History of Mexico, was supposed to cover from July 1st, 1952 to June 30, 1954. Due, however, to the National Library being closed since March, 1952, we suggested, and was approved by you, that the Seminar started on July 1st 1953. In fact, the Seminar went on, although without using Rockefeller funds, and, consequently, its director, Mr. Daniel Cosío Villegas, devoted his full time to its work.

In view of these two facts, I am now, therefore, submitting to you, first, that the time for using your grant-in-aid be extended up to June 30, 1955, and second, that funds be provided by your Foundation to cover Mr. Cosío Villegas' stipend from July 1st 1954 to June 30, 1955.

Expecting, as I do, your approval, allow me to remain,

Yours sincerely,

Dear Dr. Reyes:

May I acknowledge your letter of January 4 in which you request extension to June 30, 1955 of the terminating date of our grant to the Colegio de Mexico for the work of Mr. Cosío Villegas on contemporary Mexican history, and a supplemental grant to cover Cosío Villegas' salary during this additional period.

I quite understand both these requests since we have corresponded about them earlier and they have been discussed when I have been in Mexico. While the extension is relatively simple, the supplemental grant will require action by our Trustees. I shall take the necessary steps to bring the two questions up for decision and shall let you know as soon as possible the results.

With best personal regards,

Sincerely yours,

OFFICE OF THE SECRETARY

March 1, 1954

Dear Dr. Reyes:

I have the honor to inform you that at a meeting of the Executive Committee of The Rockefeller Foundation on February 26, 1954, action was taken providing up to \$5,000 to the Colegio de Mexico for research and a training seminar on contemporary Mexican history under the direction of Daniel Cosío Villegas. This sum is in addition to the Foundation's current appropriation No. RF 51219, and the combined sums are available until June 30, 1955.

It is understood that if at any time Dr. Cosío Villegas ceases to be in active direction of the seminar there shall be no commitment on the part of the Foundation for more than six months thereafter and the situation will be reviewed by the Foundation and the Colegio.

Payments will be made on this appropriation as under the Foundation's current grant for the same purpose. We shall appreciate receiving at the termination of the grant a statement of receipts and expenditures. Any balance of the combined funds unexpended on June 30, 1955, will revert to the Foundation.

March 1, 1954

A brief public announcement of this grant will be made in the next quarterly report of the Foundation. There is, however, no objection on our part to your announcement of the grant prior to the issuance of the Foundation's report if for any reason this appears to you desirable. In this connection we are enclosing, for your information, a printed statement of The Rockefeller Foundation policy regarding the announcement of grants.

It is a pleasure to report this action to you.

Sincerely yours,

THE ROCKEFELLER FOUNDATION

Announcement of Grants

The Rockefeller Foundation is primarily a grant-making organization. Except to a limited extent, in public health and agriculture, the Foundation does not itself engage in research and experimentation, or furnish services in particular fields; rather it seeks to advance its charter purpose "to promote the well-being of mankind throughout the world" chiefly through grants to universities, research institutes, and other qualified agencies conducting work within the scope of the Foundation's program.

Since its establishment, the Foundation has followed the practice of recording its grants in an Annual Report that appears early each year. More recently this has been supplemented by Quarterly Reports in which brief announcements of grants are published soon after they have been made. Through these reports the Foundation seeks to fulfill its responsibility of accounting to the public for the current use of funds it holds in trust.

Consequently, the Foundation has no reason to ask recipients of its grants to make any announcement of them. Recipients who do wish to acknowledge publicly receipt of funds may do so, either by routine reference or by similar listing in their Annual Reports. If occasionally special circumstances make desirable some further announcement that involves interpretation of the Foundation's action in making the grant, the officers of the Foundation will appreciate the opportunity of seeing such announcements before they are made public.

Since the Foundation neither expects nor desires that the results obtained in research or other projects supported by its grants should be submitted to the Foundation for approval, there should be no acknowledgment of the grants in prefaces of books or in similar usages which might imply or suggest that those results carry the specific approval of the Foundation.

While the Foundation's action in making a grant carries implicit approval of the proposal for which the grant is made, the recipient, and not the Foundation, is responsible for giving effect to the proposal and for its results. Therefore, no reference of any kind should be made by the recipient implying that the Foundation has control over the project or any responsibility for its results.

The Foundation requests particularly that its name not be used on jackets or in any advertising of books or in designating projects, fellowships, laboratories, or buildings toward which it has contributed.
