June 27, 1939.

Señor Alfonso Reyes,
México, D. F., México;

Dear Friend:

Thank you for your card. I understand how your work can be very exacting and very trying. But I wonder if you couldn't take a few minutes to write us a 900 word letter on just this work of yours in behalf of Spain. We could run it as an article, and give it helpful publicity. There is much sympathy in the United States for troubled Spain, and I am sure that your presentation of your work would be cordially received. Write in Spanish if you prefer, and we will have your article translated. And whether or not you do this, very short notes on new publications will always be gratefully received.

Cordially,

R. T. House
