CONTESTADA

Dear Sir:

I trust that you will pardon the liberty I take in writing you but I thought that possibly you might have use for a military flying instructor in your department.

I have had two years experience as a flying instructor in the Air Service, U.S. Army with a total of about five hundred hours in the air. Since being discharged in July I find that I would like to be back in the game so if you can use an instructor I would like to work with your forces. After I am in Mexico if I could get a Flying Commission with your troops I will be very glad to work with your forces in the anticipated spring campaign against the bandits.

If you can use my services I will be glad to appear before your consul in San Francisco and present my proof of the above statements and sign any reasonable contract.

Thanking you for your indulgence in this matter I remain,

Very respectfully yours,

Albert A. Buell
