NEW WORLD CONFERENCE

July 23, 1975

Professor Daniel Cosío Villegas
Director, Facultad de Economía
El Colegio de México
Guanajuato 125
Mexico 7, D.F.

Dear Professor Cosío Villegas:

Allow me to clarify some ambiguous points raised in my letter of June 19, 1975.

The invitation should have specified that we would be honored and pleased to have you serve as Chairman of a session of the American Studies Association Convention, of which the New World Conference is a part. The panel is as follows:

PAN AMERICAN VIEWS OF ETHNICITY
Papers By: Brian Dippie (Canada)
Marcel Trudel (Canada) "Indian Slavery in the Americas"
Jorge Bustamante (Mexico) "The Impact of the US on the Bracero"

Your presence in the Chair would add luster to the panel and the entire Conference would benefit from your counsel and prestige.

Sincerely,

Joseph S. Tulchin
