Dear Dr. Villegas:

Your letter of November 27, 1959, was forwarded to me for reply. Your intention to issue a quarterly publication in international affairs is of great interest to all of us here at Northwestern. When your first issue is ready, would you be sure to send us a copy of it?

It occurred to Dr. Snyder that you might like to have a review made of the Senate study which our group at Northwestern completed last fall on the Organization of American States, a copy of which is attached.

This summer it will be my privilege to be in Mexico City during August. Do you plan to be there then? I wonder if you would be willing to have a chat with me sometime during the summer?

Cordially yours,

*Harold Guetzkow*  
Harold Guetzkow  
Professor of Political Science  
and Sociology

Evanston, Ill.  
U. S. A.

Dear Professor Guetzkow:

May I thank you for your letter of May 6th, in reply to mine of November 27, 1959.

The first issue of our journal on international affairs will come out by July 1st., as planned, and I certainly be happy to send you a copy. A while ago, I was worried because so many foreign professors I had invited to collaborate in it did not answer, or answered so late and in such a vague terms. The situation has changed entirely: we have sufficient contributions to publish not only good material, but well balanced as to topics, regions and even the contributor's nationalities. But we certainly need and wish to have a wider range of contributors. From this point of view, I wish you yourself and through you your colleagues at Northwestern might suggest some possible articles and dates of delivery. We know, of course, that Northwestern has taken the lead in so many important tasks to advance and clarify the position of political science in the United States.

We will certainly be glad and interested to review your work on the Organization of American States. In fact, it is already in the hands of a good reviewer. It will appear in the second issue, coming out October 1st.

I shall be here in August, and happy to make your acquaintance. I have a downtown office, at the 31st. floor of the Latin American Tower, (the only skyscraper (?) in Mexico City), and the telephone there is 18-68-00. At El Colegio de México —the address you already have— the telephone is 28-68-61. If you let me know in advance the date of your arrival and whether you have any particular wish to meet some people, or visit some institutions, I shall be very pleased to be of some help.

Yours sincerely

Daniel Cosío Villegas
