My dear Mr. & Mrs. Torreblanca:

RE: INCOME FOR
GENERAL PLUTARCO ELIAS CALLES

I enclose an illustration of our Income Investment contract together with financial statement of my Company for your consideration.

People of wealth have found this to be the safest and surest form of investment. At General Calles age (54) it would yield an annual income of 6.133%.

This can be purchased in any amount. I have had it issued on the basis of $100,000.00 single payment. Income can start at the end of the first month if desired.

I will call or phone for an appointment soon to give you further details. Thanking you for your courtesy and hoping I may serve you, I am

Sincerely,

Steve B Hewes

## GUARANTEED REFUND ANNUITY POLICY

Single Deposit - $100,000.00

|---|---|
| Guaranteed Annual Income............... | $5,726.00 |
| Plus Annual Dividend(Present Basis) | 407.00 |
| Total Income, Per Year................ | $6,133.00 |

****************************

The above income will be paid to General Calles every year of his life, regardless of how long he may live. General Calles' investment is thus protected should he live to an unusual old age.

****************************

The investment is also protected in event of an early death as the income is guaranteed for a minimum of 17.47 years, regardless of whether General Calles lives or not. Should he die before the expiration of this minimum guaranteed period, the income checks would continue to Mr. and Mrs. Torreblanca, as beneficiaries, until the end of the unexpired portion of this minimum period.

*****************************

It is important to fully understand that General Calles, himself, cannot possibly outlive the income as it is payable to him each year of his life, regardless of how long he may live.
