Mexico City, Mexico.

Dear Sir,

I have the honour to submit to you this application for a studentship in your respectable College, to attain a certain degree in the Spanish Language, in which I am very much interested.

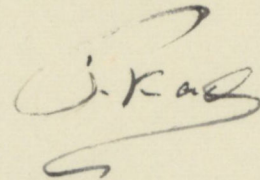

I am a Lebanese subject, 24 years old, and have a good knowledge of Arabic, English and French. I am in possession of a Commercial Diploma and a Freshman Certificate in economics from the Tripoli College.

Your early reply accompanied with full details will be much appreciated in case of my acceptance.

Thanking you in advance.

Yours faithfully,

JOSEPH KADDISSI

Dear Sir,

The Colegio de México is not a school but a center of high research in Human Sciences, Letters, etc., and does not provide regular studies for studentship.

Yours faithfully,
