HOARD'S DAIRYMAN

BREEDER'S
RECORD BOOK

A Suggestion.

3
MANY PURE BRED DAIRY CATTLE BREEDERS we know of, when making a sale, suggest to their customer that he subscribe for Hoard's Dairyman. Quite a few of them dig down into their own pockets for the dollar to pay for their customer's first subscription. And when you stop to think of it — what could they do to better insure their customers' contentment with the dairy business, their success with pure breds, and their "coming back for more"? A few Subscription Blanks are attached — **USE THEM!**

NOTICE

It is forbidden by the rules of the Association to transfer to any other person than the actual purchaser, and sellers doing so lay themselves liable to the penalties imposed by the Constitution and By-Laws.

(See other side for rules for transfer)

In accepting or recording this application for transfer The Holstein-Friesian Association of America does not guarantee the accuracy of the certificate of service indorsed thereon and is in no manner committed to the registration of the calf that may result from such service.

In case the words "Not bred in my possession" are used in place of above certificate, the owner should sign his name after writing those words and give the date.

INSTRUCTIONS

By carefully following these instructions and verifying your applications before filing them with the Secretary, you will save yourself much time and annoyance.

Applications must always be made on the blanks, which are furnished by the Secretary on request, free of charge.

Write all names, numbers and addresses distinctly in ink. If written in pencil they must be returned to you to be rewritten in ink.

Always give all the initials or, if possible, give names in full of both seller and buyer.

The complete post-office address, including street number, or route and box number, should be given on every application.

The dates of sale and service must be accurate and complete, showing month, day and year.

The certificate of service, showing whether or not the female was in calf when sold, must be filled in and signed. If the animal had not been served, write the words "Not served" thereon. If this is omitted the application must be returned to you.

Do not tear off the certificate of service if the animal has not been served, nor in any way cut or mutilate the blanks.

Breeders are required under the By-Laws to keep a Herd Register.

Do not erase or try to correct errors made in filling out a blank; use a new blank.

Blanks should be very carefully written and neatly folded, as they are part of a permanent record in the Secretary's office.

Before mailing verify each application from your Private Herd Register.

Applications must be personally signed by the seller, unless a power of attorney has been given, authorizing the person who actually signs the blank to make such signature.

Postage stamps cannot be accepted in payment of fees under any circumstances.

All errors in spelling names, and in dates and addresses upon certificates which have been issued by the Secretary, will be cheerfully corrected, free of charge, but most of such mistakes can be avoided if proper care is used in making out the original application.

Always compare the color markings shown on the certificate of registry with the animal named in this transfer, to be sure the right animal has been delivered.

BY-LAWS RELATING TO TRANSFERS

Animals *must* be transferred to owners *before their offspring can be registered*. [All ownerships must show upon the records.]

Whenever an animal is sold the seller shall furnish an application for transfer of the animal upon the records of the Association, written upon the form furnished by the Association.

In case of the neglect or unreasonable refusal of the seller to give such application for a transfer, a record of the transfer may be made by the Secretary, upon approval of the Executive Committee, on evidence of the sale and delivery and full payment for the animal.

A record of all transfers of ownership of registered animals must be made upon the records of the corporation, and it shall be the duty of the seller of any animal to file with the Secretary the necessary application for such transfer within ten days after the date of sale. Date of sale shall be held to be the date of delivery of possession of the animal. Failure to comply with this provision may be deemed an infraction of the By-Laws, and the offender will be subject to such penalty as is within the power of the corporation.
