It was with much regret, due to a prior engagement, that I was forced to decline the invitation extended by the citizens of Nogales, through Honorable Bracey Curtis, to participate in their celebration to be held the fourth of next month in observance of the anniversary of our National Independence.

It would have afforded me much pleasure to have met you there at that time, but I trust that an opportunity will be presented upon some future occasion.

My dear Governor Stephens:

This letter will introduce Honorable Roberto V. Pesqueira, Financial Agent of the Mexican Government in the United States, who is accompanied by his friend and counsellor, Mr. W. D. King.

The particular mission of Mr. Pesqueira, who has come recommended to me by my personal friend, General Obregon of Hermosillo and Provisional President, Adolfo de la Huerta, with whom I am acquainted through extensive correspondence, is to present for your consideration the situation now existing in Lower California, which is not considered conducive to morality or that tranquility which insures the material and spiritual progress of a nation.

It is the hope of Mr. Pesqueira through your good offices and influence, to exercise moral suasion to the end that this situation be remedied, if possible, without resort to aggressive measures and without injuring any of the interests of our nationals in Lower California.

President de la Huerta feels that with vice of all forms running rampant, with the sanction of the authorities of Lower California, the work of rehabilitation which he desires to carry on in behalf of his country has been rendered almost impossible.

The present conditions, doubtless with which you are conversant, are only a torch, by the touch of which could be easily developed the conflagration of internecine warfare. For the best interests,

State House

THOMAS E. CAMPBELL

Governor Stephens -2-

not only of Lower California, but of Mexico and the United States, it is vital that an adjustment of this troublesome and dangerous situation shall be had at the earliest possible moment.

President de la Huerta is of the opinion, and I am one with him in his view, that you can render excellent service and be of much help and aid in this threatened crisis. I, therefore, commend Mr.

Pesqueira to you with the hope that you will grant him an audience and permit him to lay the facts before you in their entirety. With the testimonials from such high sources I have no hesitation in giving him this letter and expressing the hope that his mission will carry an appeal to you.

Thanking you in anticipation of the courtesy, I beg to remain, with kind personal regards,

Sincerely yours,

Governor of Arizona.

August 16, 1920.

My dear General Obregon:

Honorable Roberto V. Pesqueira, your special emissary, presented his credentials to me and explained the mission upon which you had sent him. In order to co-operate in every way possible and agreeable to your request, I furnished Mr. Pesqueira with a letter of introduction to Honorable Wm. D. Stephens, Governor of California, asking that the latter accord him attentive and courteous audience and co-operate to the fullest extent in the movement inaugurated by your Government to abate the reign of vice, now flourishing in Lower California. For your information, I am enclosing copy of letter to Governor Stephens.

The efforts being made by President Huerta and yourself, toward the rehabilitation of your country, are making a profound impression upon the citizens of Arizona and the United States. Anything I can do to co-operate in this most laudable movement, kindly feel free to command me.

With very kind personal regards to yourself and Mrs. Obregon, in which Mrs. Campbell joins, I remain,

Sincerely yours,

Sir:-

During the course of the past few months I have come into intimate contact with General Alvaro Obregon, who, on Sunday, September 5th, was elected President of the Mexican Republic. I was very much impressed with General Obregon as a man and a person who is sincerely desirous of inaugurating constructive policies for the benefit of his country. He is possessed of a wide vision, has a remarkable grasp of the public affairs and the needs of the nation, and realizes that only through the friendship and cooperation of the United States can his hopes for Mexico be brought to fruition. I feel that by his election a new era will dawn in the southern Republic, and that its advancement in things material, moral and spiritual will be rapid under the guidance of this man.

Several appeals have been made to me to use my influence to secure recognition for the Republic of Mexico, but I have been, until this time, doubtful as to the wisdom of such a course. I can now without hesitation ask that this consideration be extended, knowing that it will prove beneficial, not only to Mexico, but to the United States, tending in a great measure to obliterate the feeling of prejudice and suspicion which has heretofore been entertained toward this country and its motives.

I therefore, most earnestly subscribe to the sentiment contained in the resolution by the Laredo Chamber of Commerce, a copy of which is herewith enclosed, and ask that this matter be given your distinguished consideration at the earliest possible moment compatible with the conduct of international affairs and policies.

Sincerely yours,

Sir:

This is to acknowledge receipt of your esteemed letter dated the 7th instant to General Obregón, which I am pleased to forward to him to Mexico City, together with copy of the letter which you have written to President Wilson, wherein you make a strong appeal for the recognition of our Government by that of the United States.

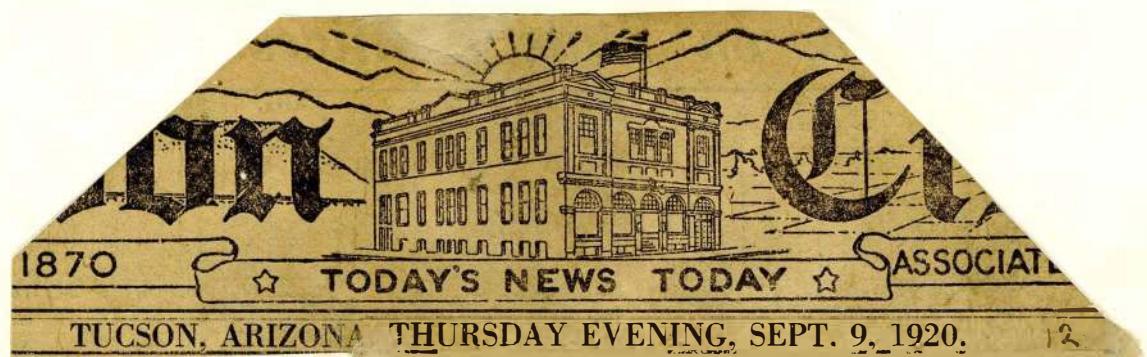

I take advantage of this opportunity to express my heartfelt gratitude for the interest you have taken in behalf of our country as well as for the sentiments expressed in your letter in regard to the election of Gen. Obregón to the Presidency of our Republic. That our country will see a new era of peace and prosperity and of friendly relations with the rest of the Nations of the World, is felt deeply in the hearts of all citizens of Mexico, and we find motives for great rejoicing and pride in the fact that the man whom we have selected to rule the destinies of our country for the next four years is so well admired and esteemed abroad and, specially by personalities like yourself, of high standing in public affairs in your own country.

The wonderful spirit of friendship predominating among the peoples of Arizona and Sonora aided by our geographical location, is a deciding factor which demands that both peoples take a keen interest in happenings of their neighbor States, which affect their future commercial activities and social life. In this regard, the people of Sonora and specially those along the border, felt a great satisfaction upon learning that you have been nominated for Governor of Arizona, which fact practically insures your reelection to that high office which you have so ably filled during the past.

With assurances of my personal admiration and high regard, I remain,

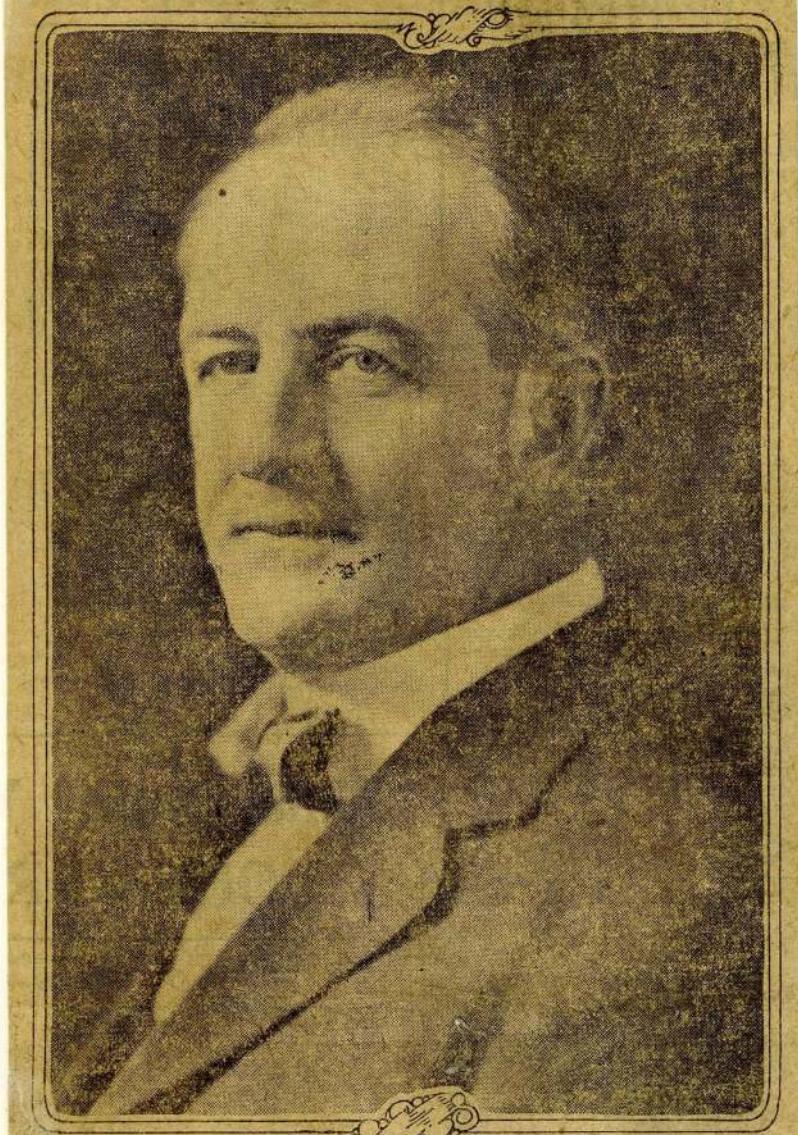

Respectfully yours,

Hon. Thomas E. Campbell,

October 14, 1920

My dear General Obregon:

In a conversation with a personal friend of mine, I learned that he is interested with Mr. A. G. Urquhart, for many years a resident of Parral, Chihuahua, in some mining property in Sonora. Three separate denuncements have been made since January 1919, viz:

"King George V"	Jan. 6, 1919.
King George V (Amended)	Aug. 25, 1919.
British Empire"	Apr. 15, 1919.
Ampliacion B. Empire	May 21, 1919."

It is a known fact that no taxes had been paid to the Mexican Government on the piece of ground covered by the Denunciation "King George V" since 1910 or 1911, and it is believed that even further back than that the property had not been properly protected by the required tax payments. At any rate, in making his Denunciation, which was accepted by the mining agency at Alamos as a proper one, Mr. Urquhart believed the ground to be free. The Denunciation reached Mexico City in due course, but in July, six months after Denunciation, an order was issued that the Denunciation be amended to reduce same from six to four pertenencias so that the Guadalupe property, Title No. 24491 be respected. These instructions were at once complied with and the necessary correction was made, and the Denunciation is now taking its regular course under No. 2218 in the office of the Secretary of Industry, Commerce and Labor. In January of the present year by an order of the Secretary of the Treasury and Public Credit (exp. 20875 Of.399) "Guadalupe" above referred to, Title No. 24491, was declared Caducah, and notice to this effect was duly published in the official bulletin printed at Hermosillo.

Mr. Urquhart having immediate advice from his attorney in Mexico City that the property had been declared Caducah immediately presented a denunciation on same, which, however, was finally rejected on telegraphic instructions received by the mining agency in Alamos from Mexico City.

In view of the fact that the former owner of the "Guadalupe" is known to have been deceased for several years, Mr. Urquhart had his attorney in Mexico City ascertain the reason for the cancellation of the caducah and was informed that this had been

Hon. A. Obregon, - 2.

secured by the payment of the delinquent taxes. Under decrees promulgated by the Mexican Government the period for redemption of delinquent properties had expired prior to January 1, 1920, and feeling that he had been taken advantage of by some unscrupulous persons, Mr. Urquhart under date of March 12, 1920, addressed a petition to the Secretary of Industry and Commerce, Department of Mines, Mexico City, setting forth the facts, intimating that he had reason to believe that the parties who had paid the long overdue taxes had done so for the purpose of setting up an illegal claim against the property, thus depriving him of the fruits of his efforts of many months work to secure the ground. He also suggested that if proper investigations were made it would be found that the parties who paid these delinquent taxes had no lawful authority to do so and they had no legitimate claim to do so and there was nothing of record to show that the property was encumbered in any way. Mr. Urquhart's request for a review of the case did not accomplish any satisfactory results, and his petition presumably remains in Mexico City.

I have addressed you at length on this subject, referring to this matter purely from a desire that my friend, in whose integrity I have the utmost faith, might have fair and impartial treatment, and not in any manner whatever seeking any special favors for him; but if the facts prove to be as they have been stated, and you feel the case worthy of review, should such be undertaken at your suggestion and the result be the securing for my friend of what he conscientiously considers should be justly his, I would feel gratified that I had intervened in his behalf.

Mr. Urquhart has been engaged in the work of making these denouncements over a period of almost two years, which has naturally entailed a great deal of expense besides the time that has been consumed, and if issuance of the titles covering his denouncements which he has been advised are approved can be expedited, that would indeed be greatly appreciated. Mr. Urquhart and those interested with him, I might add, are financially responsible and able to develop this property and bring it to a producing stage.

With assurance of my warm personal friendship and high esteem,
I remain

Sincerely yours,

Bracey Curtis

GOVERNOR OF ARIZONA.

Hon. Alvaro Obregon,
c/o Mr. Bracey Curtis,
Nogales, Arizona.

Phoenix, Arizona, Oct. 14 de 1920.

Mi querido Gral. Obregón:

En conversación que tuve con un íntimo amigo mio, me enteré que dicho amigo está interesado en unas propiedades mineras ubicadas en el Estado de Sonora, en compañía con el Sr. A. G. Urquhart, quien desde hace muchos años reside en la ciudad de Parral, Chihuahua. Desde enero 1919 hasta la fecha, se han expedido tres distintos documentos, á saber:

"King George V"	enero 6'19
" " "(Refdo)	agosto 25'19
British Empire	abril 15 '19
Ampliacion " "	Mayo 21 '19

Se sabe á ciencia cierta que desde 1910 ó 1911 ó quiza desde una fecha anterior á esa, ningunos impuestos han sido pagados al Gobierno de México, por la propiedad denominada "King George V". De todas maneras, al hacerse (la expedición del documento de referencia por la agencia de minería en Alamos, Sonora,) el denuncio, que fué aceptado por la agencia de minería de la ciudad de Alamos, como correcto, el Sr. Urquhart, estaba en la inteligencia que el terreno se encontraba libre. El denuncio llegó á la ciudad de México por los conductos debidos pero seis meses después, en Julio, se recibió una notificación indicando que el denuncio debía ser reducido de seis á cuatro pertenencias, con el objeto de que fueran respetados los derechos correspondientes á la mina "Guadalupe" título #24491. Se dió inmediato cumplimiento á tal solicitud haciendo la correspondiente corrección y por ahora, se corren los trámites del caso, bajo el número 2218 en el departamento correspondiente de la Secretaría de Industria y Comercio. En el mes de enero, de este año, por orden de la Secretaría de Hacienda y Crédito Público (expediente #20875 of - 399) el título de la mina "Guadalupe" á que antes se hace referencia, (No. 24491) fué declarado CADUCO, y el aviso correspondiente fué publicado en el periódico oficial de Hermosillo.

Al tener conocimiento el Sr. Urquhart de la caducidad de la mina "Guadalupe" se puso en comunicación telegráfica con su apoderado jurídico en la Capital de la República, urgiéndolo para que hiciera el denuncio respectivo, pero tal denuncio fué rehusado por la agencia de minería de Alamos, con la aclaración que tal determinación era tomado obedeciendo órdenes del Centro.

Sabiéndose que el antiguo dueño de la mina Guadalupe dejó de existir hace muchos años, el Sr. Urquhart y su apoderado en México, tuvieron conocimiento que el título había sido revalidado, mediante el pago de los impuestos que se encontraban pendientes de pago. De acuerdo con decretos publicados por el Gobierno Federal de México, el tiempo hábil para redimir el título por falta de pago de los impuestos había expirado con fecha primero de enero de 1920 y en la inteligencia que se infería la intrusión de personas faltas de escrupulos que trataban de aprovecharse de sus trabajos, el Sr. Urquhart, con fecha 12 de marzo de 1920, se dirigió á la Secretaría de Industria y Comercio, Departamento de Minas, en la ciudad

-2-

de México; haciendo una historia de los hechos transcurridos así como manifestando su creencia de que existía alguna persona interesada en obtener un derecho en mala lid, y de tal suerte, privándolo de los frutos de varios años de esfuerzos que ha usado en su afán por obtener título á la propiedad á que venimos refiriéndonos. También manifestó que se si hacia una averiguación, se llegaría al conocimiento de que las personas que cubrieron los impuestos insolutos, no tenían ninguna autorización para tal proceder y no hay ningún dato de que la propiedad en cuestión estuviera afectada en forma alguna. El escrito elevado por el Sr. Urquhart no tuvo contestación alguna y probablemente se encuentre archivado en México.

Me he permitido hacer una exposición tan extensa y detallada de este asunto con el único y exclusivo objeto de que mi amigo el Sr. Urquhart reciba un tratamiento justo y equitativo, pues tengo en él absoluta confianza y nunca pediría para él un favor especial. Si usted encuentra conveniente hacer una indicación á quien corresponda para que se haga una revisión de lo que ha pasado en este asunto y se encuentra finalmente que el título de la propiedad mencionada pertenece en justicia al Sr. Urhart, me consideraría muy satisfecho yo de que mi intervención en este asunto, le ha servido de algo.

Hace más de dos años que mi amigo se ocupa de estos denuncios y además de los gastos que ha tenido que erogar, ha sido mucho el tiempo que ha perdido, y cualquier cosa que se pudiera hacer para activar la extensión de los títulos relativos será agradecida infinitamente por él, quién, en unión de otras personas con quines se encuentra asociado en negocios mineros, son personas de posibles capacitadas para poner las propiedades mineras de que se trata en estado de producción.

Con las seguridades de mi gran estimación personal y amistad, me repito,

Sinceramente de Ud.

To General Alvaro Obregon,
President of the Republic of Mexico,
and to the Mexican People,

GREETING:

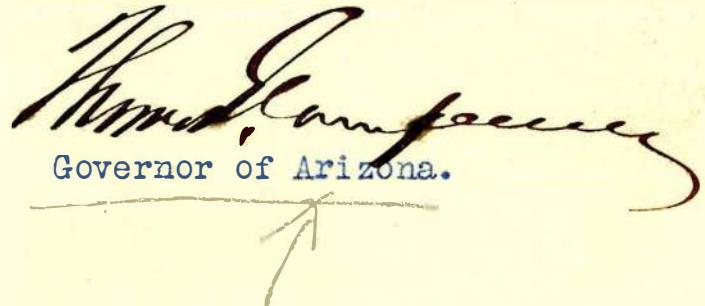

It is with special pleasure that I send my official and personal greetings and congratulations to the distinguished statesman and soldier who has been chosen as head of the Mexican Republic and as leader of its people in their progress toward complete peace, development and prosperity.

I have been impressed by the clear sincerity and fervent patriotism of General Obregon. I am confident of his great ability and of his stern integrity of purpose. I know that he will surround himself with officers of high ideals and of devotion such as his own to the welfare of a people whose opportunities have been torn from them by years of devastating warfare.

From this day onward, wonderful progress may be expected within your land, upon which Nature has bestowed such rich bounty of soil and climate, of rare and valuable products and of mineral wealth. Back of these, henceforth, will be the bulwark of a strong government, eager for the advancement of its people.

From the people, in turn, I feel sure there will come fullest support of the strong and courageous men who are taking up the heavy task of Mexican administration. From a people united can be expected great achievement.

This message of good will goes at the hands of a large delegation of Arizona citizens of high standing. I ask that they be considered ambassadors of this State, carrying to Mexico all assurances of our fervent wish that the flags of the two eagles henceforth will be joined in evidence of the brotherhood of the two Republics.

Al General Alvaro Obregón,
Presidente de la República de México,
y al Pueblo Mexicano.

Saludo:

Es para mí motivo de especial placer enviar mis saludos y felicitaciones, oficiales y personales, al distinguido estadista y soldado que ha sido escogido como Jefe de la República Mexicana y conductor de su pueblo, en su progreso hacia una completa paz, desarrollo y prosperidad.

He sido gratamente impresionado por la clara sinceridad y ferviente patriotismo del General Obregón. Confío en su gran habilidad y en su inflexible integridad de propósito. Comprendo que se rodeará de funcionarios animados de los mismos altos ideales que en él son característicos, y que todos encaminarán sus esfuerzos hacia el aseguramiento de la felicidad de un pueblo, cuyas oportunidades le han sido arrebatadas por años de lucha devastadora.

De hoy en adelante, un maravilloso progreso puede esperarse de vuestra tierra, a la cual la Naturaleza ha dotado generosamente con tan ricos dones de suelo y clima, de raros y valiosos productos y de riqueza mineral. Y como un sostén de todo ésto estará, en el provenir, el baluarte de un gobierno fuerte ansioso del adelanto de su pueblo.

Tengo la seguridad de que por parte de la nación, en cambio, vendrá el más completo sostenimiento de estos hombres, esforzados y fuertes, que hoy toman sobre sí la pesada tarea de la administración Mexicana. De un pueblo unido puede esperarse una gran obra.

Este mensaje de buena voluntad va en las manos de una numerosa comisión de ciudadanos de Arizona de alta representación, respecto de quienes hago el ruego de que se les considere como los embajadores de este estado, que llevan a México todas las seguridades de nuestro ferviente deseo por que las águilas de las dos banderas, de aquí en adelante, se unan en evidencia de la hermandad de las dos Repúblicas.
