Dear Dr. Schartz:

Having heard of our idea of starting a journal on internacional affairs, The Rockefeller Foundation gave us your name as that of an American scholar with broad interests in modern politics and in international relations, who might be willing to collaborate with us.

El Colegio de México is a non-profit, private institution in Mexico City which has dedicated itself to higher education and to research work in the field of humanities and some of the social sciences, for the past twenty-two years. It is directed by a group of personalities of the Mexican intellectual world, and has been publishing, besides its teaching and research activities, a hispanic, literary and philological review for thirteen years, and a historical one for ten years. It intends now to inciate a quarterly publication on international affairs.

This, of course, would be a periodical devoted to give to the Spanish-speaking readers, that is to say, to Spain and to the nineteen Latin-American countries, a notion of their own international problems and of those of the main nations or regions of the world. These problems are not only juridical, but political, economic, social and cultural as well.

The review would have an initial section dedicated to the publication of articles, of an average length of 4,500 to 9,000 words, in which a particular subject of theme, the presentation of which could be of international interest, would be dealt with. It would have a book-review section and another of documents, where those which could have a notable international repercussion would be reproduced.

El Colegio de Mexico intends to pay the contributions it publishes: it offers a fee of 40 American dollars for an article, and from 10 to 20 dollars for a book-review, according to its extent. El Colegio does not pretend to acquire through these payments exclusive literary rights, that is to say, in all languages, but only in the Spanish language. In this manner, the authors who write in a language other than the Spanish, would be gfree to use those same articles for publications in periodicals in their own tongue.

El Colegio de Mexico would like to invite you most heartily to send a contribution before the second week of May 1960, for we hope to bring forth next June or July the first number of the review. We wish you to consider yourself a permanent collaborator of our quarterly, so that you may send, without further invitation, those articles or book-reviews that may come forth from your usual work, with the certainty that they will be most welcomed and published in our periodical. You may sure about our translation into Spanish as we are very mucho used to this work.

El Colegio de Mexico would also appreciate very mucho if you could indicate to us the name and address of friends or colleagues of yours, whom you consider liable to be interested in cooperating with us.

In the hope of hearing from you soon, dear doctor Schartz, we remain

Sincerely yours

Daniel Cosío Villegas

Professor Benjamin I. Schwartz
Harvard University, Dep. of Government,
Cambridge, Mass.

My dear professor Schwartz:

Dr. Thompson, of The Rockefeller Foundation, has suggested my being in contact with you. I am therefore writing this letter, which contains an invitation, one that I hope you will be able to accept.

El Colegio de México is a small, private institute, devoted to teaching and advanced research in the Social Sciences and the Humanities. It has now inaugurated a Center for the Advanced Study of International Relations.

The Center will train a limited group of students, well selected, and with a sufficient command of English to easily follow lecturers in said language, write papers and participate in Seminar discussions. The financial assistance of the Rockefeller Foundation, of the O.A.S. and of Unesco have made possible not only the Center's establishment, but the planning of its work as a truly and valid academic enterprise.

I am sending you under separate cover some copies of the Quarterly on International Affairs that our Center started almost a year ago; and a bulletin in which we tried to set forth the Center's purposes and aims, is enclosed.

For the Academic year of 1963, from July to November, inclusively, the Center is offering a Course on "The Central Peoples's Republic of China". Previously, the students will have, in 1962, a course on Sino-Japanese Culture, that we hope will be delivered by professor Yamamoto.

We wish you to consider our invitation to take charge of such a course. You will be free to set your own limits, and we will gladly purchase those books you feel are necessary for it. We have planned on three (perhaps two) hours of lectures a week, plus that extra work you might feel indispensable for the improvement of your Course. Some public lectures of an occasional nature will also take place. The terms of our invitation will cover your transportation, and a stipend for a five month period of a thousand dollars per month. I will be of course only too willing to provide further information if you so desire.

I earnestly hope you will be able to accept our invitation. In the meanwhile, I remain,

Very sincerely yours,

Francisco Cuevas Cancino

Dear Sir,

Please excuse the delay in my reply to your letter of February 17.

I need hardly say that I would very much like to spend some time in Mexico and have an opportunity to meet your colleagues and yourself. The only difficulty is that our academic years do not coincide. Our fall semester begins, as you know, at the beginning of October.

If there were some way of coping with this difficulty, I would welcome your kind offer without any hesitation.

When I return to Cambridge I shall explore the possibility of making some arrangement at Harvard (or, if you require a speedy decision, I will try to explore the possibility by correspondence)

If you would like to
communicate with me before September
I shall be in Tokyo Japan during
the period between the beginning of May
and the middle of August (tentative)

Dear Dr. Schwartz:

I gather you did not receive my letter of 18 May, which I addressed to International House, Tokyo. In it I suggested that if you had any trouble regarding the time of the Course, we could oblige by placing it in the first Semester, i.e., from February to June inclusively.

I believe you should be back in Cambridge by now, and I wonder whether you could give us a more clear idea about the possibility of our counting with you for 1963.

I hope your trip to the Far East was as successful as could be expected.

Very sincerely yours,

Fco. Cuevas Cancino

Dear Dr. Schwartz:

We have been in correspondence in the past. But due to your visit to the Far East, last year, various letters seem to have been mislaid. I am taking therefore the advantage of the presence of Mr. Nothar Thnauth in your University -through the kindness of Miss Josefina Vázquez- to send you the present letter.

My first letter, dated 17 of February last, explained to you the purposes and meaning of the Center of International Studies and gave a brief outline of what our purposes were. I also explained the desire of our Center to concentrate on non-Western cultures, and the previous course that will be offered this year on Sino-Japanese Culture, that will be in the hands of Dr. Kazuo Enoki, of the University of Tokio. It was on this account that I made an invitation to you: to take charge of the course on "The Central People's Republic of China", that will be offered in 1963. I added that the Center could offer a stipend of five thousand dollars for the semester (either February to June, or July to November, according to what suits you most), plus two round way tickets for yourself and Mrs. Schwartz.

You were so kind as to reply from Hong-kong, on 29 March. You expressed your willingness to come to Mexico, but expressed some doubts regarding the lack of coincidence of our academic years. To this I replied on 18 May, addressing myself to the International House at Tokio, and expressing our willingness to consider any suitable changes. Since I did not hear from you, I wrote to Harvard on August 31 last. I have not received an answer to this letter either, and I consider that they must have gone astray.

Our interest in your coming for 1963 is as great as ever. Please let me know if you would like to have your five academic months at a different time of the year, and we will try to comply. The importance of China today is only too well known. And we would be very happy if you could join our Faculty. Once you decide if and when you can come, we can discuss programs and bibliography.

Dear Dr. Cancino:

Please forgive this long delay in my reply to your letter of January. I did send a letter some months ago but it must have gone astray.

I would very much like to come to Mexico for many reasons. I would like to see Mexico in general and very much like to meet people in the Mexican academic world both faculty and students. Would it be possible for me to spend part of a semester at the Colegio -- let us say from July through September? Due to my recent sabbatical I feel that I cannot in good conscience request a special leave for October and November.

If an arrangement of this type were at all possible, we would be delighted to come and I would begin doing my best to rehabilitate some of my very rusty Spanish.

Sincerely yours,

Dear Dr. Schwartz:

I received with great pleasure your letter of the 19th. I am only too pleased to know of your desire to see Mexico in general and we are sure that from our Center you will be able to meet the most significant people in the academic world.

I have consulted your letter with the President of the Colegio, and I am pleased to inform you that we will be delighted to have you as visiting professor from July through September of 1963. You will be in charge of the course on Modern China, i.e., Continental China since the triumph of the Revolution. We are able to offer you your two round fares from Boston, by air, and if you are agreeable a stipend of a thousand dollars per month, three thousand in all.

We are making strenuous efforts in order to obtain the greatest possible number of latinamerican scholars to attend next year lectures, and at your earliest convenience we would be grateful for the program of your course and for the bibliography you will need, in order to complete what we have, which is not inconsiderable.

With my best wishes for your rehabilitation of your Spanish, quedo afectuosamente suyo,

Dear Dr. Schwartz:

I am taking advantage of Mr. Knauth (rightly spelt this time) in Mexico to send you this letter. May I say that I find him a most charming and pleasant conduct.

We are all looking forward very much to your coming to Mexico. The group of students, that will probably be increased by a number of Latinamerican fellows, is consistently improving and Professor Enoki's cour, plus some ~~tutring~~ tutoring in Japanese, will be an excellent background for yourself.

Do not hesitate to ask any help that I could render in a personal way. As for your bibliography, while we are probably miles behind, we have acquired those books that are considered necessary in Chicago for a course such as the one you are considering.

With best regards,

Francisco Cuevas Cancino

Dear Dr. Schwartz:

First let me tell you the reason for my letter. Dr. Francisco Cuevas Cancino has rejoined the Mexican Foreign Service and the difficult task of conducting the Office of the Director of the Center of International Studies of El Colegio de México has fell upon me.

I have reviewed your correspondence with Dr. Cuevas Cancino and I have found that in a letter mailed March 27 of this year, Dr. Cuevas informed you that El Colegio de Mexico would be delighted to have you as visiting Professor for the period of July through September of 1963, as it was suggested by you in a previous letter dated March 19th. Since we have not had an answer from you to this letter yet, shall I assume that you are agreeable to this arrangement? Please let me know at your better convenience if I am right in this respect. On my part I confirm you the terms of the invitation made to you by our former Director: two round fares from Boston by air, and a stipend of one thousand dollars per month.

Dear D. Schwartz:

May I acknowledge you receipt of your letter of the 14th in which you kindly inform me to be agreeable to the idea of coming to Mexico for the period of July through the end of September. I am only too pleased to have the confirmation of your visit to our Colegio.

We shall be in contact and when the time for your coming is near, we shall make the most suitable arrangements for your travel and accommodation in Mexico. In the mean time I would like you to be so kind to send us the outline and the bibliography of your course. It is getting late in the year and we require of some anticipation to order the books for our library. It would be very helpful for us to know which are the books that you consider basic for the course and how many copies of each are necessary for a group of approximately 35 students.

Dear Dr. Gómez:

It is difficult for me to draw up a detailed outline of lectures since I am not familiar with the pattern of instruction at the Colegio. However, the following may give you some idea of the types of topic I would like to deal with. These topics do not represent individual lectures and I would expect the greater bulk of the course to deal with Category III. I do feel, however, that some attention to the background covered under I and II is absolutely essential.

CONTEMPORARY CHINA

I. The Traditional Background

1. State and Society in Traditional China
2. Patterns of Thought in Traditional China
3. China and the Barbarians

II. The Period of Transition

1. The Intrusion of the West - The Problem of Imperialism
2. The Chinese Response - 1830-1900
3. The Nationalist Movement in China
4. The Nationalist Government 1927-1949
5. Marxism-Leninism and China
6. The History of the CCP 1921-1949

III. China Since 1949

1. The Consolidation of Power 1949-1959
2. The Structure of the Chinese State and Party
3. Economic Development 1955-1958
4. Developments since 1956 - The "Hundred Flowers" and the "Great Leap Forward"
5. China's Relations with the Communist Bloc
6. Relations with the World at Large
7. Chinese Communist Ideology

Bibliography

As for reading material, I am of course not familiar with your library budget, but it seems to me that the following books would be highly relevant to the course:

✓ Reischauer and Fairbank

East Asia - The Great Tradition

✓ Waley

Three Ways of Thought in Ancient China (paperback)

✓ Teng and Fairbank

China's Response to the West

✓ Chien Tuan-sheny

Government and Politics of China

✓ Brandt, Schwartz, Fairbank

A Documentary History of Chinese Communism

✓ Schwartz, B.

Chinese Communism and the Rise of Mao

✓ Tang, Peter

Communist China Today

Also, if possible, the periodical "The China Quarterly"

1, 6-10

If the students can read the books on the premise, two or three copies should suffice. I can, of course, recommend other materials to which I will refer, if this falls within the limits of your budget.

Sincerely yours,

Benjamin Schwartz

Dear Professor Schwartz:

Since Mr. Mario Ojeda is on a short leave, I am happy to answer your good letter of January 3rd.

The syllabus of your course on Contemporary China is more than enough for our understanding and our students', and needless to say, we quite agree both in that the core shall be China after 1949, and in the necessity of preceding this central topic with the traditional and the transitional periods.

As to books, let me say that although our Colegio is not, decidedly, a rich institution, we are prepared to secure the most important books and periodicals. All the ones listed in your letter are already in our library, except The China Quarterly. We have issues N° 1 and 6-10, having been unable to secure complete series. Anyhow, I am asking our librarian to make a list of the books on China we have, and I shall send it to you as soon as it is ready.

As to your trip, allow me to make the following suggestions. The second semester courses will start on Monday, July 8th, but we are inviting all our professors to attend a faculty meeting on Friday, July 5th, at ten in the morning. If you are traveling by air, it will be perhaps convenient to arrive here two or three days before the 5th, so you and Mrs. Schwartz may have a chance to see the apartment we will secure for you in advance.

A month before your departure, anyhow, you will be kind enough to give us your own and Mrs. Schwartz complete names, nationality and passport numbers, and of your boy's if he has a separate passport. With this information, the Mexican Consulate at Boston will receive instructions to give you and your family an official courtesy visa for four months, let us say. Naturally, you will also be pleased to advise us as to the exact day of your arrival at Mexico City, the airline and the flight number you are traveling, so as to meet you at the airport.

With best wishes,

Yours sincerely

Dear Sir:

The date for your coming is getting closer and it is necessary for me to have in detail the following information:

1) Visas.- Since we are planning to bring you and your family under an official courtesy visa, it is necessary for me to know:

- a) Names of your wife and children;
- b) Citizenship;
- c) Dates and places of birth; and
- d) Number of passports and date of issue.

2) Transportation.- I need to know whether you are traveling by air or by your own car. In case you are coming by airplane we will be very glad to pay for two round-trip tickets Boston-Mexico City with our travel agent and send them to you through this conduct.

3) Housing.- I shall be glad to know what are your needs regarding house. I only know that you are coming with your wife and two children aged 9 and 8 months. Will an apartment of two bedrooms meet your needs?. In that case I think that we could secure a good furnished apartment for approximately 200 dollars a month. But I do not know whether you would like to come first to a hotel and see your self for the most convenient place to live. Furnished apartments are easily available in Mexico city and I would be delighted to assist you in this matter.

4) Bibliography of the course.- Dr. Cosío Villegas has already explained you in his letter of January 8, that all the books listed by you as basic are already in our library in three copies each of them. As for The China Quarterly we have issues No. 1 and 6-10. I am sending to you, under a separate cover, a complete list of the books on China that we have at the present time.

Dear Dr. Ojeda:

Thank you very much for your letter of March 22.

1. I have not yet obtained a passport and shall send you the number and date of issue as soon as I do.

The following are the names and birthdays of my wife and children:

Bernice Frances Schwartz	March 31, 1924
Jonathan Seth Schwartz	May 17, 1953 (all are American citizens)
Sara Ann Schwartz	May 3, 1962

2. We hope to come to Mexico by air.

3. We would be most obliged if you would find an apartment such as you describe. The only special need we would have is for a crib and perhaps a high chair for the baby.

4. I have taken another look at my suggested bibliography and would suggest the addition of the following items:

Bowie and Fairbank	<u>Communist China 1955-59 Policy Documents with Analysis</u>
Snow, Edgar	<u>The Other Side of the River Red China Today</u>
MacFarquhar, Roderick	<u>The Hundred Flowers Campaign and the Chinese Intellectuals</u>
Zagoria, Donald	<u>The Sino-Soviet Conflict 1956-1961</u>

Dear Dr. Schwartz:

Thank you for your kind letter of May 27th which gives me information about your passport. I shall inform you, in due time, the procedure you may follow to obtain the visa, that I do not know yet if it will be at the Mexican Consulate at Boston or in New York city.

We have already instructed our travel agent to send you two round-trip tickets Boston-Mexico City. Please contact Pan American Airways at Boston.

Please let me know the date and time of your arrival. I think that it is a good idea to make reservations at Hotel Luma which is close to El Colegio. We could from here look for a suitable apartment among the several we have seen already.

Let me know if you are agreeable to this idea.

Sincerely Yours

Mario Ojeda Gómez

P. S. I just had the information that the air company is Eastern Airlines.

Dear Dr. Ojeda:

Thank you for sending the tickets.

It was my impression that we had agreed that my family and I would arrive on the 5th of July. Would you kindly make the reservation at the Luma Hotel for that date?

Sincerely yours,

Dear Professor Schwartz:

Tank you for your letter of June 17th in which you inform me to have received the air tickets.

I take note that you are planning to arrive on the 5th of July. I have made reservations on Luma Hotel for that date asking the manager to include a crib for the baby.

I shall inform you in due time, by wire, about the visas.

Result Sheet

Names	Attendance	Grade	General Remarks
Arce Behrens, Fernando		8.0	While Mr. Arce handles general ideas quite well, I note a certain weakness in his ability to support generalizations with facts.
Badima, Kesate B.		6.5	While Mr. Badima is able to express himself quite well, He tends to handle ideas in a somewhat mechanical fashion without seeking the interrelationship of various factors. He is quite shaky in his factual knowledge. I am not convinced that he has done the reading carefully.
Cárdenas Armenta, Lázaro		8.5	Mr. Cárdenas treatment of his themes is generally too brief and to that extent inadequate to the complexity of the subject. What he has to say, however, is cogent and well expressed and his facts, while scanty, are correct.
Correa Villalobos, Francisco		8.6	Mr. Correa's essays are well written and cogent although they are somewhat brief. He seems to have done his reading with some care in spite of minor inaccuracies.

De Bower, Larry		6.9	The main defect of Mr. De Bower's paper is an extreme carelessness in his handling of factors. His essays are poorly organized even though he does include many of the essential factors.
Eiting, Keenan		7.0	Mr. Eiting is careless in his handling of facts and his essays while fairly well written are somewhat scanty and not very analytical.
Ferrer, Carlos V.		6.0	Mr. Ferrer is extremely weak in his knowledge of facts. I am not convinced that he has done the reading and his essays are scanty and not very analytical. This is a very marginal paper.
Fuentes Méndez, Jorge		7.5	Mr. Fuentes seems to have done his reading with some care but is not as strong as he might be in handling ideas.

Gómez Robledo, Sofía		8.0	Miss Robledo's essays are well written and in the whole cogent. Her facts are on the whole, accurate even though somewhat scanty. She is perhaps somewhat weak in grasping subtle distinctions of ideas.
Laredo, Iris Mabel		9.4	Miss Laredo shows an impressive mastery of facts and a mature ability to express ideas. I am not sure how original her mind is but there can be no doubt about her depth of comprehension.
Martínez Mendieta, Marcos		8.5	Mr. Martínez seems to have done his reading thorough and his essays are cogent. The ideas are not well expressed, however. He might well have done better in Spanish.
McLean, Helen		9.2	Miss McLean has done her reading with extraordinary diligence. Her essays show an amazing mastery of the facts and are also very well reasoned. Her discussion of the people's communes is however, somewhat, inadequate.

Mencos Paz, José A.		8.5	Mr. Mencos's essays are quite complete in their coverage but not highly analytical. He seems to have done his reading thoroughly.
Meyer Cosío, Lorenzo		9.4	Mr. Cossio's essays are excellent. They show a clear grasp of the facts, a sharp power of analysis and are very well written. It is quite clear that Mr. Cossio has done his work well and thoroughly.
Meyer Picón, Santiago		9.5	Mr. Meyer's essays are very brief but wonderfully succinct and to the point. He has it seems to me, grasped that which is essential.
Moreno Martínez, Jorge		8.6	Mr. Martínez essay on economics is very well done, his other essay is more federation but he has done his reading well. The examination paper is workmanlike and thorough.

Moreno Toscano, Carmen		7.1	While Miss Moreno's essays cover many cogent factors they are not well organized and do not show deep powers of analysis. Her knowledge of the facts does not seem sufficient.
Ortiz Monasterio, Angel		7.5	While Mr. Ortiz Monasterio does show some power to handle concepts (his English is weak) he does not tend to underpin his discussion sufficiently with references to facts.
Ortiz Staines, Manuel		6.3	I do not have the feeling that Mr. Staines has done his work. He has grasped some general notions fairly well but this does not compensate for his lack of factual knowledge.
Ramírez Araiza, Alfredo		8.5	Mr. Araiza has obviously done his reading. His essays, however, seem somewhat inadequate in terms of their analytical framework.

Rodríguez García, Víctor M.		9.6	Excellent and well informed essays. Mr. Rodríguez shows an outstanding power of analysis.
Rutter, Susan		9.4	Miss Rutter has written excellent, thoughtful essays based on careful reading. I think that she has demonstrated her ability to do work of high quality. There are only a few factual errors.
Sepúlveda Amor, Margarita		8.4	Miss Sepúlveda has written competent essays ably expounding her points of view. There is however an insufficient base of factual reference.
Soria Galvarro, Jorge		5.8	I see little evidence that Mr. Jorge has done his reading. While the first essay is perhaps passable, the essay on Sino-Soviet relations is totally inadequate. The discussion of Sun Yatsen is an effort to substitute rhetoric for knowledge. This examination is not passable.

Poco antes de su partida de México le dí para firma los recibos de sus asignaciones correspondientes a los meses de julio, agosto y septiembre, y seguramente no le explique bien que los originales eran para el Colegio y usted podía quedarse con las copias.

Como dichos recibos nos hacen falta para nuestra contabilidad le suplico enviármelos a su conveniencia.

Dear Professor Schwartz:

First of all I want to thank you very much your letter of December 9, 1964, in which you stated your experience in our institution during the period that you acted as a visiting professor. It was very valuable in our dealings with the Ford and Rockefeller Foundations.

Time ago Mrs. Josefina Vázquez de Knauth let me know about the money that you have to give as a deposit for the apartment in which you leaved in México, money that it was never returned to you. We proceed immediately to deal with the apartment's owner in order to recuperate that money for you. After a long process of looking for this man we finally negotiated the matter and recuperated the money. But it happens that this man said that at the same time you ought some money to him since he had to do some arrangements to the apartment during your stay in México for the following concepts: the lock of one door and the lavatory of the bathroom.

We accepted these charges since Mrs. Vázquez de Knauth told us you have accepted them in turn. Thus, I am sending to you, under the same cover, a check of the Banco del Atlantico number 238912, for the amount of U.S. Dollars 47.44, that is the total left after covering those charges from the original amount of U.S. dolarrs 100.00. I am sending to you also the receipts that this man gave us covering the two charges described above.

Dear Mr. Ojeda:

I want to thank you and Mrs. Knauth very much for your exertions on my behalf. To tell the truth, I had long since given up any thought of recovering the money and am extremely grateful for your efforts. I hope it did not cause you any unpleasantness. Mr. Villa, as I recall, was not the most amiable character in the world.

My wife and I are still fondly reminiscing about our stay in Mexico. I hope that you will convey our greetings to your charming wife. If you ever have any plans to visit Cambridge, by all means let us know. Also, if I can be of any further aid to the Colegio or yourself, please contact me.
