General Alvaro Obregon,

Mexico City, Mexico.

My Dear Sir:

I have been advised by some friends that you can actually place me in touch with bonafide owners of Panuco and Tuxpam Crude Oil, who will be willing to enter into a contract and bond to furnish so much of this oil per day, F. O. B. ocean going tankers at Tampico; I came down here from New York to buy some oil from parties who claimed they could deliver some Mexican crude but find they cannot do it; now my people have the tankers and they are ready to post earnest money that they will enter into contract and file a bond that is satisfactory to your friends; I will appreciate it if you can place your friends in immediate touch with me and I will be very glad to consider you in the deal with me, and I will gladly listen to any such proposal as you

may have in mind.

If I can secure this oil, I can place not less than 100,000,000 bbls. for delivery over a five year period.

As my people are very anxious, we can save time, if you will be good enough to have your friends write me immediately, explaining in detail their offering and the best price they are willing to make.

You will likewise write me, advising what you desire me to do for you in the premises and I will cheerfully take you in with me; I want it understood however with the owners of the oil, that whatever my resale price of the oil may<sup>be</sup> that they will respect it, and pay to me this excess.

Your usual courteous attention to this matter will be greatly appreciated, by,
