My dearest Friend:—

How are you getting along these warm days? I am fine — all things considered I however I hope you are still in Tampico for I expect to leave for Tampico either Tuesday or Wednesday morning this week and hope to find you there for I am going to the States from Tampico and would hate to leave without seeing the one I love best — so if you are there now and expecting to leave won't you stay a few days longer — for me to see you before I go, Dear why did you leave for Tampico without coming back to see me it certainly hurt me I wouldn't have ever treated you that way for I love you so much — I feel that I cannot go to U.S. without seeing

 be the same next time you see me.
