Mr. J. Almada

Dear Mr. Almada:

Do you remember how satisfied you were when you received an "Excellent" report card at school? We hope the enclosed "Preferred Credit Card" will bring you the same satisfaction. It expresses in part our appreciation of the pleasant business relationship which has been established.

Keep this card, it will entitle you to special attention and courtesy at our store, and also assist you in opening an account anywhere.

Although your account is paid, we want to know that you have been and are now enjoying your purchase, and we want you to feel that the entire facilities of our organization are at your disposal at any time.

No doubt your friends or neighbors would be interested in our deferred purchase plan---pass the word along---they will probably appreciate your telling them about us. We will open their account on your recommendation alone.

REMEMBER you are a "Preferred Account"---and welcome to re-open your account with us at any time, all special privileges are yours for the asking.

We will appreciate the opportunity of again serving you or any of your friends.

Very sincerely yours,

SOUTHERN CALIF. MUSIC CO. OF SAN DIEGO
