*Gen Alvaro Obregon  
President Elect of Mexico  
Mexico City  
Old Mexico*

of good friends  
all the numbers are out now 3-20-8  
Gov Larrazolo of New Mexico is expected to believe  
will be made an ambassador for Mexico  
you see when this country was struggling for  
markets in the foreign fields they had to qualify  
for business instead of Harmony that is what  
gave us the name of a money grubbing people  
but the war made of us the creditor nation  
and that changed all things  
now the consuls and ambassadors will have  
to speak and understand the people they go to  
our government is going to establish a college of  
diplomacy and in that way obviate all our past
