

68.04.18

FROM: David Chaplin

SUBJECT: The objectives and structure of the conference

This conference is being sponsored by the Presbyterian and Catholic student centers at the University and the Ibero-American Studies Program. The two religious centers have generously taken free hand in the management of the conference so that it focus on the topic of Population in America.

Dear Padre Slick,

We are eagerly awaiting your paper so that it may be reproduced in time to be read before the conference. Our plan is to have each panelist summarize his paper in 5-10 minutes.

Sincerely

David Chaplin

P.S. The other papers will - I hope - be forwarded in time.
