## "QUIEN ES QUIEN EN MEXICO".

A semejanza del libro universalmente conocido, "Who's Who in America", estamos haciendo una obra en México. Cuando iniciamos nuestros trabajos en la edición de 1929, la titulamos "Personalidades de México", denominación que expresa la finalidad del libro, así como el libro americano podría llamarse "Personalidades de los Estados Unidos". Pero algunas personas dieron a este título, una intención demasiado enfática y al saberlo nosotros, buscamos otro, llegando a la conclusión que la traducción literal de la obra norteamericana sería la más aceptada. Así, decidimos llamar a nuestro trabajo "Quién es Quién en México".

La clasificación lógica que hemos seguido para admitir nombres en "Quién es Quién en México", es muy sencilla. Tomamos a todos aquellos individuos cuyo esfuerzo noble o inteligente, los ha hecho sobresalir del nivel de sus semejantes o han sido motivo de discusión o de admiración en todo el país o en la región del mismo en que habitan, pues en algunos casos aunque la labor del hombre sea meritoria, su aislamiento no ha permitido hacerla conocer en toda la República. Una de las finalidades de esta obra es unir para dar a conocer, todas esas personalidades. Incluimos aquí todas las actividades honestas y a todos los que en ellas se han significado. Incluimos también a algunos extranjeros, pues su esfuerzo lo han desplegado aquí y algunos su personalidad la han labrado aquí.

Al mencionar aquí a los más altos miembros del Gobierno, de las Iglesias, del Ejercito, de la Marina, de la Diplomacia, a los Gobernadores, miembros del Congreso, etc., lo hemos hecho no solamente por el elevado puesto público que ocupan, sino por considerar que, en muchos casos, es su inteligencia y su valer, lo que los ha llevado allí.

Finalmente deseamos que, conocido fuera del país "QUIEN ES QUIEN EN MEXICO", sea tomado como el exponente de la "personalidad de México", como país civilizado.
